Lahore, Punjab, Pakistan

Summary

I am a freelance front-end developer committed to transforming ideas into visually stunning and functional websites. My expertise lies in translating design concepts into responsive, intuitive user interfaces while ensuring cross-browser compatibility and accessibility.

My portfolio showcases a diverse range of projects, from dynamic single-page applications using frameworks like React to responsive websites built with HTML5 and CSS3. I thrive on collaborating with clients to understand their unique needs and delivering solutions that exceed expectations.

With a keen eye for design aesthetics and a focus on optimal performance, I strive to create seamless digital experiences that captivate users and drive business growth. I am adept at troubleshooting, problem-solving, and staying updated with the latest industry trends and best practices.

I am passionate about delivering high-quality work on time and within budget, fostering transparent communication throughout the project lifecycle. Whether it's creating new web applications or optimizing existing interfaces, I am dedicated to providing innovative solutions tailored to meet my client's goals.

Let's collaborate to bring your vision to life and create compelling front-end solutions that make an impact.

Experience

Fiverr

MERN Stack Developer

January 2024 - Present (4 months)

Punjab, Pakistan

Freelancer.com

Web Specialist

December 2023 - Present (5 months)

Providing Services for Software development in FullStack Development.

CognoRise InfoTech

Design Internship

March 2024 - April 2024 (2 months)

India

Overall, the Python internship at Cogno Rise provided a holistic learning experience, equipping interns with the skills, knowledge, and confidence to pursue a career in Python development. Through a blend of theoretical learning, practical projects, and mentorship, interns emerged as proficient Python programmers ready to tackle real-world challenges in the field.

CodSoft

Development Intern

December 2023 - January 2024 (2 months)

India

During my one-month internship at Codsoft, I had the opportunity to immerse myself in the world of web development and gain practical experience in various aspects of the field.

INARA

Intern

June 2021 - September 2021 (4 months)
